Enclosure 1

25X1X7 25X1A9a

VISIT BY

25X1X7

I. OVERALL ORGANIZATION AND ACTIVITIES OF

A. Relations with other Government agencies; with academic institutions; and with private industry. (Visit to

25X1X7

B. Research efforts and facilities; training activities; and procurement program in Iron Curtain countries.

C. Map collection program and particularly map coverage of the USSR. A possible visit to Map Library.

25X1X7

25X1X7

II. GEOGRAPHIC RESEARCH IN

25X1X7

A. Organization; research facilities; and current projects or interests of

25X1X7

Familiarization with the following branches is of particular interest:

25X1X7

25X1X7

1. Topography including the sections

25X1X7

25X1X7

2. Ports and Beaches

25X1X4

B. Organization and activities. Visit with representative

25X1X7

25X1X7

III. TRANSPORTATION RESEARCH IN

25X1A9a

25X1X7

is particularly interested in the organization and research efforts of

25X1X7

Visits to the following branches are desirable:

25X1X7

25X1X7

A. Discussions related to new railroad map of the USSR (2nd edition).

25X1X7

B. Discussion and review of medium/small scale road map of the USSR currently being maintained in

25X1X7

25X1X7

C. Discussion on Soviet reconstruction of inland waterway and canal systems.

~~SECRET~~

The following subjects are of continuing interest to analysts in ORR doing geographic research on the Soviet Union. Information on SIS research capabilities or current projects in any of these fields would be of interest. Asterisked items are of particular or current interest to analysts visiting [REDACTED] 25X1X7

Regional Geography of USSR

- *Caucasus; Middle and Lower Volga
- *Urals; West and Central Siberia
- *Ukraine and Belorussia

- *Internal and International Boundaries; territorial-administrative organization; territorial waters

- *Restricted Travel Areas
- *Population, ethnic composition
- Terrain
- Industry, Power Development
